

# Mehedi Hasan

Full Stack Developer

I am trained in web and mobile app development. Skilled in backend technologies, strategic planning, and customer service experience. Eager to excel in backend development.

## Projects

### Accounting Management System

A computer-based method for tracking accounting activity. I used Angular, Bootstrap 5, Spring Boot, MySQL, and Jasper Reports in this project.

## Work Experience

### Strategic Planning Lead

2022 - 2023

I served as a strategic planning lead at a startup called Hoot TT Nature Camp, situated in Rangamati. I helped the organization acquire a restaurant and convert the place into a resort.

### Customer Service Officer

2021-2022

I served as a customer service officer at a Fortune 500-based company called Avery Dennison Bangladesh. I used to handle clients and participate in the whole supply chain of the business.
